

## Visit to the SHURMA Restaurant in Featherstone

***Another pleasant visit to the SHURMA to enjoy Indian & Bangladeshi cuisine***

On Wednesday evening 16.1.2019 a group of Rotarians and some of their partners, twenty-one in total, sampled Indian or Bangladeshi cuisine at the Shurma restaurant in Featherstone.

This was organised this year by Rotarian Russ Hobbs and proved to be another successful social event enjoyed by all who participated.

Some members of the group were sampling different Indian cuisine for the first time. One member claiming the following day that the food had cleared a long standing niggling cough, another person jocularly being accused of "licking her plate" she having thoroughly enjoyed her meal. The consensus of opinion was that the food was excellent and the restaurant staff were very friendly and attentive.

Such was the success of the event once again, that another is likely to be arranged in the future.
